What's Twire ?

TWire is an application whose mission is to provide you with a regular technology watch based on the Reddit API.
We've made sure you can stay focused on tech resources, and not get lost in the depths of Reddit.
With Twire, you'll stay focused on the tech topics that interest you.
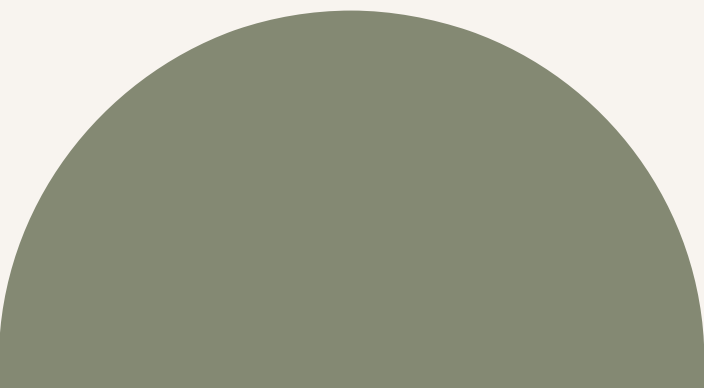

How it's work ?

Our application is based on Reddit. After registering, you have the choice of uploading trending topics or searching through technology topics that interest you.

Who created Twire?

Twire was created by Mohamed Lahcen, Lyann Bourlon and Benjamin Obadia as part of a school project at Epitech Marseille
